## Vine Street will get greener

Dan Korman hopes to bring a bit o' green to Over-the-Rhine.

The Cincinnati native plans to open Park + Vine, a "green general store," at 1109 Vine Street.

The store, scheduled to open in May, will sell only ecologically friendly and environmentally sustainable products, including apparel, footwear, home furnishings, personal care and home improvement supplies.

The store will also offer educational programs on sustainable living.

Korman is asking prospective customers to complete a survey about their shopping preferences at [www.parkandvine.com](http://www.parkandvine.com).
